

THAMES BIO DECOR PARTITIONING HELPING TO PROTECT

Crown Commercial Service ID B2063

Decor covering incorporates antimicrobial protection inhibiting growth of bacteria

Turnkey Contract installation option encompassing all services

Solid, single or double glazed

Fast track installation

TECHNICAL PROPERTIES

Thames Bio Decor Partitioning is covered in 500 Micron fine texture pvc material in a choice of pastel colours with Bio Pruf™ antimicrobial protection integrated into the product structure during the manufacturing process. When a microorganism makes contact with the surface this advanced technology prevents the microbes from surviving and reproducing on the surface.
